Geoce 2310[®] Tripolymer Brushable Repair Coating

2310® Tripolymer Brushable Repair Coating is a single-component, brushable elastic sealant with rubber-like flexibility, designed for many exterior constructions, roofing, manufacturing, and industrial applications.

- Exhibits adhesion to many common construction materials including damp, oily, or dirt surfaces Bullet
- Withstands water contact quickly after application to stop leaks
- Prevents rust on metal surfaces
- Cured coating is mildew resistant
- Paintable
- Crystal Clear
- Resealable
- Applies in adverse weather conditions
- Remains flexible
- · Lever-lock lids on 3- and 5-gallon cans

Basic Uses:

- Rustproofs metal surfaces such as: roof flashings, pipes, chimney caps, vents, gutters, duct work, roof fasteners, auto and truck awnings, doors, mobile homes and RV's. Bullet
- Seals and waterproofs concrete, brick, block or stone surfaces such as: catch basins, foundation cracks, retaining walls, chimney crowns, parapet walls, tile caps on parapet walls, planters, grain elevators (exterior), storage tanks (exterior), and other non-traffic-bearing concrete surfaces.
- Reseals shingle wind uplifts Adheres to: Asphalt shingles, coated steel (Kynar 500® based finishes), concrete, vinyl, steel, and other common building materials

PRODUCT DATA SHEET

SOLVENT TECHNOLOGY

Composition and Materials:

2310 Tripolymer Brushable Repair Coating is based on proprietary, tripolymer formulation. This formula produces a product with exceptional adhesion, flexibility, and resistance to tear, shear, stress, and weathering.

Grade:

- Self-leveling, brushable grade consistency

Primer:

Not required on most surfaces. If primerless adhesion to a particular substrate is in question, a test application is recommended.

Limitations:

• Do not use on traffic-bearing surfaces • Do not use in areas where food is processed or stored

· Do not use for potable water applications . Do not use on polystyrene insulation sheathing or EPDM • Do not use on acrylic skylight glazing surfaces • Product contains solvents that may craze some plastic materials. . This is a repair product for limited area applications and is not intended to be used as a complete surface coating or for continuous underwater applications. • Complete surface applications can entrap moisture in porous substrates like chimneys and may result in blistering and/or damage to the substrate. • Product is for exterior use only due to odor emitted during cure. Compatibility tests should be made in all cases.

Installation:

Surface Preparation: For maximum adhesion to heavily oiled or dirty surfaces, areas to be sealed may need to be wiped with a solvent and allowed to dry. Use of a dry rag or brush to remove dust, dirt, or other contaminants is recommended. Contact Geocel Products Group's Technical Service Department or representative if such agents are involved.

Painting:

2310 Repair Coating may be painted with most water-based or oil-based paints. When using an oil-based paint, allow 2310 Repair Coating to fully cure (no solvent odor present) before painting. A paint test area is recommended to determine compatibility.

Cleaning:

Remove spilled or misapplied 2310 Repair Coating from tools or other surfaces with regionally available cleaning solvents. Observe manufacturer's precautions when using toxic or flammable solvents.

Cure:

4 days

Shelf Life:

24 months

Application Temperature:

18° C to 60° C

Service Temperature:

-40° C to 71° C

Cautions:

CONTAINS AROMATIC HYDROCARBONS. Contents are COMBUSTIBLE. Keep away from heat and open flame. VAPOR HARMFUL. Use only with adequate ventilation. To avoid overexposure, open windows and doors or use other means to ensure fresh air entry during application and drying. If you experience eye watering, headaches, or dizziness, increase fresh air, or wear respiratory protection (NOISH approved) or leave the area. Avoid contact with eyes and skin. Wash hands after using. Keep container closed when not in use. Do not transfer contents to other containers for storage. First Aid: In case of eye contact, flush thoroughly with large amounts of water for 15 minutes and get medical attention. For skin contact, wash thoroughly with soap and water. In case of respiratory difficulty, provide fresh air and call physician. If swallowed, call Poison Control Center, hospital emergency room, or physician immediately. DELAYED EFFECTS FROM LONG TERM OVEREXPOSURE. Contains solvents which can cause permanent brain and nervous system damage. Intentional misuse by deliberately concentrating and inhaling the contents can be harmful or fatal Warning:

This product contains chemicals known to the state of California to cause cancer and birth defects or other reproductive harm. DO NOT TAKE INTERNALLY. KEEP OUT OF REACH OF CHILDREN

Availability and Cost:

May not be sold in the state of California. Available from various construction material and industrial distributors. Cost and further technical data are available from your local Geocel Products Group

Limited Warranty:

If when applied according to label directions this product fails to perform in accordance with its published literature, upon satisfactory evidence of product failure, and as your sole remedy, we will either replace the product at no cost or refund the original purchase price for that portion of product that fails to perform in accordance with this limited warranty. Labor or costs associated with labor are not included. THIS LIMITED WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING MERCHANTABILITY. WHICH ARE ALL DISCLAIMED AND/OR LIMITED IN DURATION TO THE EXTENT PERMITTED BY LAW. WE SHALL NOT BE LIABLE FOR INDIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS) FROM ANY CAUSE WHATSOEVER AND SUCH DAMAGES ARE EXPRESSLY EXCLUDED. This warranty gives you specific legal rights and provides exclusions/limitations on certain damages. Such exclusions/limitations may not apply to you and you may have other rights which vary from province to province.

Maintenance:

No maintenance should be required. If the coating is damaged, either remove it and reseal with 2310 Repair Coating, or apply additional 2310 Repair Coating over the damaged area.

TECHNICAL SERVICES:

Geocel Products Group representatives throughout the U.S (United States). are available to provide technical assistance. Our in-house technical staff and laboratory facilities are equipped to respond to specific requests for further information.
