PRESERVE. PROTECT. PREVENT.TM

Sprayon[®] SPTM 3111 Carton Stencil Ink (Green) is highly opaque and fast drying. Specifically formulated for stenciling and marking a wide variety of surfaces. Bold, high-contrast color leaves a sharp, clean edge without smearing, smudging or rippling. Temporarily marks slightly-oily surfaces. Excellent durability and adhesion to hot surfaces. Ideal for color coding and marking of steel coils.

APPLICATION

Surface must be free of grease, dirt, and oil. Use in a well ventilated area. Shake can until ball rattles for 1 minute. Hold container upright 6-8" from the surface. Do not apply in continuous spray. To avoid runs, apply several thin coats allowing paint film to become tacky between coats. For best results, use at room temperature (70°F-90°F). After spraying, turn can upside down and spray until clear propellant comes out.
