- Contains natural, biodegradable ingredients
- Formulated with EPA DfE Certified Materials
- Quickly & easily removes paint, ink, crayon, magic marker and adhesive residue
- Sprays & clings to vertical surfaces

PRESERVE. PROTECT. PREVENT.™

Sprayon® SP™ 404 Eco-Grade™ Vandal Mark Remover is a highly effective next generation, soy based vandal mark remover that replaces terpene or petrochemical based products. This bio-based graffiti remover is specially formulated to be environmentally sound, user friendly and contains natural, biodegradable ingredients that quickly and easily remove paint, ink, crayon, magic marker and adhesive residue.

SPECIALTY PRODUCTS

USES

- For the easy and safe removal of vandal marks such as paint, ink, crayon, magic marker and scuff marks on a variety of substrates including wood, brick, stone, metal, graphite, and steel.

APPLICATION

Use in well ventilated areas. Shake can for 1 minute. Protect surrounding areas from overspray. Wear rubber gloves, face and eye protection. Spray heavy coat with a steady back and forth motion keeping spray upright 8" to 10" from surface. Allow product to penetrate into paint finish or oil based stains. A second application may be necessary. When chemical action is complete agitate with a stiff bristle brush. Rinse thoroughly with water wash. Allow surface to dry completely before applying a new finish. Prime coat metal as soon as possible to prevent rusting. For best results, use at room temperature (70°F - 90°F).

CERTIFICATIONS

PERFORMANCE

- Penetrates and dissolves oil based stains quickly
- Removes paint, inks, crayon and many other marks
- Safe for use on most surfaces; no dangerous solvents

NOTE: SP™404 can be damaging to some plastics, fiberglass or synthetic materials. User accepts all responsibility for such use.

PACKAGING

STOCK #: S00404000
UPC CODE: 0-75577-84926-0
FILL WT.: 12 oz.
PER CASE: 12
CARTON DIMENSIONS:
 L 11.13" x W 8.44" x H 8.38"

PROPERTIES

APPEARANCE: Light Brown
ODOR: Solvent
PROPELLANT: Hydrocarbon
% ACTIVE: > 35%
WT./GAL.: 6.93
SPECIFIC GRAVITY: 0.83
SARA 313 CHEMICALS: Yes
PROP 65 CHEMICALS: Yes
