

# POLYESTER REINFORCEMENT FABRICS™ PROVIDE ADDITIONAL STRENGTH TO ROOF COATINGS

## LIGHTWEIGHT POLYESTER SEAM TAPE™ FOR SMOOTH SURFACES

### Features and Benefits:

- Polyester fabric that contours snugly over and around protrusions, corners, vents, seams, laps, cracks, flashing, standing water situations or where two unlike surfaces come together.
- Low profile, cannot see the fabric through the finished coating.

### When used with ELASTO-SEAL® recommended for:

- Sealing out moisture and prevention of leaks on roofs.
- Excellent adhesion to all surfaces, which make coatings and paints last longer.

Item Number	Color	Size / per Case	Coverage	UPC Code	Ship Weight
KST00ST50-99	White	4" x 50' Roll /12	17 Sq. Ft.	0 16904 41003 6	3

## CONTOURING POLYESTER SEAM TAPE™ FOR ROUGH SURFACES

### Features and Benefits:

- Heavy-duty polyester fabric that contours snugly over and around protrusions, corners, vents, seams, laps, cracks, flashing or where two unlike surfaces come together.
- Ideal for use over rough surfaces, uneven surfaces or when final appearance is not a concern.
- Prime granulated surfaces smooth before using seam tape.

### Recommended for application to:

- Concrete
- Slate
- Metal
- Tile
- Brick
- Aged Asphalt

### When used with ELASTO-SEAL® recommended for:

- Sealing out moisture and prevention of leaks on roofs.
- Excellent adhesion to all surfaces, which make coatings and paints last longer.

KST0CST50-99	White	4" x 50' Roll /12	17 Sq. Ft.	0 16904 41004 3	7

## CONTOURING POLYESTER MESH ROOF FABRIC™ FOR ROUGH SURFACES

### Features and Benefits:

- Heavy-duty wide polyester fabric used for smoothing and reinforcing surfaces in recoating applications.
- May be used with standing water on low pitch areas.
- Contours and shapes to the roof surface.

### Recommended for application to:

- Flat Surfaces
- Seams and Holes in Most Roofs

### When used with ELASTO-SEAL® recommended for:

- Sealing out moisture and prevention of leaks on roofs.
- Excellent adhesion to all surfaces, which make coatings and paints last longer.

Item Number	Color	Size / per Case	Coverage	UPC Code	Ship Weight
KSTCMPE25-99	White	40" x 81' Roll /1	269 Sq. Ft.	0 16904 42250 3	8

### COMMON Features and Benefits of all POLYESTER REINFORCEMENT Fabrics:

- Adds superior strength and life to roof coatings.
- Easy to install.
- Environmentally friendly.
