Product Information (PI) Sheet

Product: Care Catalyst

Code(s) : C1491

Description: Care Catalyst was specially developed for use with M.L. Campbell Post-Catalyzed systems.

Physical Properties (packaged)

Table with 2 columns: Property and Value. Rows include Weight per Gallon (7.10 lbs.), Flash Point (PMCC) (52 ° F or 11°C), Packaged VOC (704 g/l (5.86 lbs/gallon)), and Photochemically Reactive (No).

Mixing

Use C1491 Care Catalyst at 10% per gallon (10:1 ratio) by volume. Do not over catalyze.

Packaging/Shipping

Available Units: Quarts, Gallons, and Pails.

Shelf Life and Storage

- Store in a cool dry area in the original sealed containers.
• Do not store around any source of flames or sparks.
• Spills should be cleaned up with non-sparking tools and inert absorbent material.

DOT Classification

Table with 4 columns: Flammable Liquid, Red Label, UN 2924, and empty cell.

B/L Description

Table with 4 columns: Paint, UN 2924, PG II, and empty cell.

Caution

- THESE PRODUCTS ARE DESIGNED FOR SHOP APPLICATION AND PROFESSIONAL USE ONLY.
• Use only after all safety information is understood.
• Refer to the Material Safety Data Sheet (MSDS) for additional information.

Testing

Due to the wide variety of substrates, surface preparation methods, application methods, and environments, customers should test the complete system for adhesion and compatibility under their conditions prior to full-scale application.

Notes

The information, rating, and options stated here pertain to the material currently offered and represent the results of tests believed to be reliable. However, due to variations in customer handling and methods of application that are not known or under our control, M.L. Campbell cannot make any warranties as to the end result. Thank you for using M.L. Campbell Wood Finishing products.
