## PRODUCT DESCRIPTION

SherLiner® Solvent-Based Striping Paints make striping any surface easy. These solvent-based paints produce bright, crisp lines. Perfect for short-term striping projects such as warehouse aisles, parking lots, construction sites, school grounds, road surfaces, nurseries, apartment complexes, and fairgrounds.

### Product Features:
- Fast drying
- High solids
- Non-clog spray
- One-coat coverage
- Long-lasting durability
- VOC/MIR compliant

## APPLICATION CONT.

### APPLICATION CONT.

- 18 gauge, all steel construction and equipped with 12-can storage. Creates professional striping results in widths of 2" to 4" on any ground surface. For storage or reuse, it is best to clear the spray tip by holding the can in an upright position pointed away from you, and push the tip to one side for a few seconds to clear paint out.

## CAUTIONS

CONTAINS ALIPHATIC HYDROCARBONS, TOLUENE, KETONES AND XYLENE.

DANGER! EXTREMELY FLAMMABLE.

Keep away from sparks, heat or open flames.

Vapors will accumulate readily and may ignite explosively. Keep area ventilated during use and until all vapors are gone. DO NOT SMOKE - Extinguish all flames, pilot lights and heaters - Turn off stoves, electric tools and appliances, and any other sources of ignition. CONTENTS UNDER PRESSURE. Avoid prolonged exposure to sunlight or heat from radiators, stoves, hot water and other heat sources that may cause bursting. Do not puncture, incinerate, burn or store above 120°F. Keep upright in a cool, dry place. Do not discard empty can in trash compactor. VAPOR HARMFUL. Use with adequate ventilation. Avoid continuous breathing of vapor and spray mist. To avoid breathing vapors or spray mist, open windows and doors or use other means to ensure fresh air entry during application and drying.

## CHARACTERSISTICS

### Color:
- 5 Colors: White, Yellow, Red, Blue, Black

### Coverage:
- 400 to 600 sq. ft.

### Drying Time, @ 77°F, 50% RH:
- Drying time and recoat times are temperature, humidity, and film thickness dependent.

### Touch:
- 20 minutes

### To Handle:
- 2 hours

### Vehicle Type:
- Alkyd

### Finish:
- Flat

### VOC:
- 66 g/L

### Weight Solids:
- 15 - 22%

### Flash Point:
- -20°F

## SURFACE PREPARATION

### WARNING!
If you scrape, sand or remove old paint, you may release lead dust. LEAD IS TOXIC. Contact the National Lead Information Hotline at 1-800-424-LEAD or log onto www.epa.gov/lead.

Surfaces to be striped should be free from any contaminants (dirt, debris, etc.). For pavement applications, sweep area to be striped before you begin.

## APPLICATION

For best results, use when product is at 70°F - 80°F. Tap bottom of can until mixing ball breaks loose. Once mixing ball is broken free, shake can for a minute. Continue to shake during application. Place can upside-down in holder; align tip parallel to axle. To stripe, squeeze lever while machine is in motion. Use with SherLiner® Striping Machine. 10" wheels make it ideal for grass, dirt, pavement or any uneven surface. The SherLiner® Striping Machine is designed for easy maintenance with

## PERFORMANCE TESTING
